

**CENTRE HALF** Peter Anderson, who joined Wycombe Wanderers from Ilford at the start of the season, has been released by the club as he was not up to the required standard, manager Brian Lee announced this week.

The tall number five played two games for the Blues this term against his former club Ilford and against Leatherhead, but never really settled in. He is expected to join a club nearer his home in Dagenham.

While one player left this week another joined in the shape of Dillon Evans, who played in the friendly against Atherstone. He takes up a teaching position at Uxbridge soon and the striker, who scored over 20 goals for Cheltenham in the Southern League last term, will be bidding for a regular first team place. His colleague, Tony Price, now living in Wycombe, is also in training with the club.

Goalkeeper Paul Barron, incidentally, has left to take up his studies at Borough Road College.

Wycombe travel to Hitchin Town tonight (Tuesday) now with a four point lead at the top of the Rothmans Isthmian League table.

Town have four new players in the ranks, including a new keeper in Tim Saward from British Universities. Another new signing is Herts County

Youth player Keith Hammond from Letchworth.

Big centre back John Kettleborough is joined by his brother, who has signed on from Wellingborough Town in the Southern League. Neil Bunker, striker, rejoined after a spell with Bishops Stortford last season. Their tall front runner Ray Hill, formerly with Slough Town, has left the club.

Hitchin have drawn two, lost one and won one of their four games this season. Their one success came against Bromley, beaten by Wycombe on Saturday. They have drawn 2-2 at Sutton and 1-1 at Ilford, a late penalty giving the Eastenders a share of the points on that occasion.

Bishops Stortford came to Hitchin and recorded a 3-0 triumph. They included last year's Hendon marksman Tony Bass.

Wycombe seem unlikely to alter their winning side from Saturday. Larry Pritchard will therefore stay in the striking role while with Anderson now gone, Wood seems sure to partner Bullock at centre back.
